

June 9, 2010

Dear Members of the Oil Heat Institute of Rhode Island,

On behalf of our son Jacob, we thank you for your gift of hope and of opportunity.

When Jacob was diagnosed last May, we learned of the challenges that we would face as a family. We made a promise to do everything within our power to give Jacob the chance to become whoever he was meant to be. We have been committed to Jacob's rehabilitation and continued treatment in fulfilling this promise. We are so grateful to you for your support.

Fondly,

Matt and Bethany Borgueta
